RE: Heart PAC C00342386 Name Change

To whom it may concern:

Heart PAC is both a federal and a non-federal political action committee which has changed the name of its *non-federal* component.

Due to the restrictions of Kansas Law, Heart PAC's non-federal component is now known in Kansas as Todd Tiahrt's Heart PAC. Kansas statutes require a very specific name for all PACs operating in the state of Kansas as non-federal PACs.

This name change does not affect the operation or nature of Heart PAC's federal component in any way. Heart PAC sent a letter to the FEC earlier this year requesting guidance or an opinion on this change. In addition, I spoke with an FEC advisor about this change on two separate occasions. Both conversations indicated that such a change would not cause a violation of Federal Election Law. Since the FEC has made no official objections or voiced any concerns, we have made this change official with Kansas authorities.

This letter serves as a final notification to the FEC that this name change has taken effect. Please inform Heart PAC if there are any concerns on the federal level regarding this change. You can call Heart PAC at 316-655-9130 if you need any further information regarding this matter.

Sincerely,

Robert Noland
Assistant Treasurer
